

Omnicare®

a  CVS Health company

INDUSTRY-LEADING PHARMACY MANAGEMENT
SERVICES FOR ASSISTED LIVING COMMUNITIES.

A Partner You Can Rely On

Founded more than four decades ago by a group of pharmacists, Omnicare is driven by a culture of empathy, trust and service and offers the best pharmacy solutions to assisted living communities. With teams of experienced community pharmacists, 24/7 customer service, comprehensive visibility and cost-effective strategies, our programs offer local dedicated resources. Our in-service offerings are designed to provide outstanding value and ensure total, quality care for every resident.

What Sets

Omnicare Apart?

Adding Community Value

We understand the pressures communities face to deliver quality care and the need for a local partner to help ensure those results. From fall prevention to overall wellness, our local team has one goal, keeping your residents healthy. Our community pharmacists and nursing programs deliver exceptional value for our partners at every level of care.

Unmatched Comprehensive Service

We know you have made promises to your residents and their families, and Omnicare is always here when you need us – helping you uphold the highest standard of care for them. Our experienced staff are available 24/7 to support care providers with the tools necessary to help you successfully navigate critical and complex situations.

Focused Accuracy and Integrity

It's impossible to control the uncontrollable. Our leading clinical and pharmacy programs offer care providers the tools and resources they need to execute against the variables thrown your way - including shifting regulatory landscapes - to ensure medications are administered correctly and always remain available.

Experience the Omnicare Difference

Compliance management

Receive guidance through ever-changing state and federal regulations and anticipate upcoming changes.

Increased peace of mind

Receive compliance-packaged medications delivered directly through our Over-the-Counter Advantage Program – a convenient and safe alternative to over-the-counter medication pick up for residents and their families.

Medication reviews

Gain access to community pharmacists with expertise in geriatric medication management and ensure optimal health outcomes.

Reliable deliveries

Count on Omnicare to deliver medications accurately and on-time – including all first-fill and STAT medications – with our dedicated in-house driver team.

24/7 support

Access top-quality, effective client and clinical support, even in emergencies, for all pharmacy needs.

Advanced digital tools

Give residents insight into their own medication information with our web-based solution, MyOmniview, and find cost-effective Medicare plans and enrollment information with our proprietary resident-centered portal, OmniPlanFinder.

Complete, customized care

Tackle your community's unique challenges with a customized plan and exceptional service, so you can provide exceptional care.

Specialized packaging

Reduce medication errors and aid nursing staff with our MultiDose packaging options.

The Partner for Your Community

We know the value of a trustworthy, qualified pharmacy partnership. With holistic support teams and years of clinical and operational expertise, we can help you deliver on your promises to residents, families and staff.

We know what matters most is providing the best care possible – and with Omnicare, you can.
