

Omnicare[®]

a **CVS**Health.com^{company}

INDUSTRY-LEADING PHARMACY MANAGEMENT
SERVICES FOR SKILLED NURSING FACILITIES.

A Partner You Can Rely On

Founded more than four decades ago by a group of pharmacists, Omnicare is driven by a culture of empathy, trust and service and offers the best pharmacy solutions at the best financial value to skilled nursing facilities. **Omnicare partners can expect an experienced clinical team of consultant pharmacists and nursing staff, 24/7 customer service, comprehensive visibility and cost-effective strategies. Our programs improve overall staff efficiencies, provide outstanding value and ensure total, quality care for every patient.**

What Sets

Omnicare Apart?

Increased Value and ROI for Facilities

We understand the financial pressures facilities face to deliver value. Omnicare provides market-best pricing and industry-leading cost containment solutions that deliver savings and outstanding value.

Unmatched Comprehensive Service

Omnicare can help you uphold the highest standard of care. Our experienced staff are an integrated part of your facility's care team and are available 24/7 to help you successfully navigate critical and complex situations.

Focused Accuracy and Integrity

It's impossible to control the uncontrollable. Our leading clinical and pharmacy programs offer care providers the tools and resources they need to create efficiencies and execute against the variables thrown your way - including shifting regulatory landscapes - to ensure medications are administered correctly and always remain available.

Experience the Omnicare Difference

Medication reviews

Gain access to our integrated team of consultant pharmacists and nursing staff with expertise in geriatric medication management and ensure optimal health outcomes.

Increased savings

Make every dollar count with our cost containment solutions, including therapeutic interchange, generic utilization and more.

Advanced digital tools

Manage patients' medications electronically with our proprietary software, Omniview, and electronic health record integrations that save time and increase visibility to pharmacy spend.

Complete, customized care

Tackle your facility's unique challenges with a customized plan and exceptional service.

Reliable deliveries

Count on Omnicare to deliver medications accurately and on-time – including all first-fill and STAT medications – with our in-house, dedicated driver team.

Education, training and consulting

Admit more clinically complex patients with the expertise of our nurse consulting and education offerings, including our best-in-class infusion programs.

24/7 support

Access top-quality, effective client and clinical support, even in emergencies, for all pharmacy needs.

Compliance management

Receive guidance through ever-changing state and federal regulations and anticipate upcoming changes.

The Partner for Your Facility

We know the value of a trustworthy, qualified pharmacy partnership. With our holistic support teams and years of clinical and operational expertise, we can help you deliver on your promises to patients, families and staff.

We know what matters most is providing the best care possible – and with Omnicare, you can.
